REMARKS.—Since our last weekly review we have but little change to note in the Flour market, which has ruled dull and inactive, though holders, generally, are not disposed to push sales. The receipts have been fair, the demand moderate and the stocks ample. Family brands are very dull, and holders are willing to make concessions in order to effect sales. Extras are in moderate request for the local trade. Supers are in good request. We note sales of some 1200 bbls at \$7 50 to \$8 for Family; 6 75, 6 80, 6 87, 6 90 and \$7 for Extras; 6 12, 6 20 and 6 25 for Supers, and 5 6 1/2 and \$5 25 for Fine. We revise our quotations as follows, and quote the market quiet. Family 7 50 to \$8, choice \$8 75; Extras 6 75 to \$7; Supers 6 12 to \$6 25; Fine 5 6 1/2 to \$5 25. Wheat is active for good and prime samples, while inferior grades move with slow sales; offerings of 1220 bushels red, with sales at 1 45, 1 50, 1 52, 1 53, 1 54, 1 55, 1 56, 1 59 and 1 70 for fair to prime. Corn is quiet and steady; offerings of 775 bushels mixed and 170 of yellow, with sales of the former at 76 and 78, and of the latter at 76 and 78. Rye is quiet; sales of 314 bushels at 70. Oats are unchanged; offerings of 800 bushels, with sales at 55, 55 1/2 and 56. Eggs are dull and lower. Prime Butter is scarce and wanted. Other articles are unchanged.

ALEXANDRIA CATTLE MARKET, March 21.—[Reported by J. R. Smith, Live Stock Broker.] Beef Cattle.—The offerings for the week amounted to only 80 head, all of which changed hands to the butchers here and speculators from the District at from 41 to 72 cents. The market averaged about 60 cents. The supply of Cows and Calves is good. Prices ranged at from 30 to \$60 per head.

Sheep.—The offerings of Sheep amounted to about 700 head, 250 of which changed hands at from 5 to 6 1/2 cents for clipped, and 6 to 7 for wool.

Hogs.—The offerings amounted to about 100 head, 50 of which sold at from 9 to 10 cents.

BALTIMORE CATTLE MARKET, March 21, 1871. Beef Cattle.—Prices to-day for Beef Cattle ranged as follows: Best Beefes at 6 75 to \$8 50; good quality at 4 75 to \$5 25; ordinary thin Steers, Oxen and Cows at 3 75 to \$4 75; inferior and lowest grades of Cattle 4 00 to \$4 75—general average of the market to-day \$6 12 1/2; extreme range of prices 4 00 to \$8 50. Most of the sales were from 6 25 to \$7 per 100 lbs.

Sheep.—The receipts during the past week have been light, and good qualities are in demand, but no material change in prices. We quote wool Sheep 50c, and sheared 50c per lb gross, as to quality.

Hogs.—The supply on the market during the past week has been light, and trade moderate. Towards the close of the week the arrivals were slow, and prices a shade higher; but with the prospect of a fair supply the market closed weak. We quote at 10c to 15c per one hundred pounds as to quality.

FISH MARKET, March 24.—An increased demand was met to-day by a diminished supply, owing to the prevailing northwest wind, and prices in consequence advanced. Shad sold at from 21 to 27 per hundred; Herring at from 18 to 20 per thousand, and Rock and Perch at from 25 to 30c per bunch. Among the arrivals to-day was a "jag" of 5000 Herrings from "Beasley's."

Schr W. N. Gesner, hence at Norfolk 21st instant.

FOR THE SPRING OF 1871.  
ZELL'S AMMONIATED BONE SUPER-PHOSPHATE.

The best and most popular Fertilizer in use. Quick and active as Peruvian Guano and permanently improves the soil.

This valuable Fertilizer is composed of Bones, Animal Matter and a rich Phosphoric Guano, containing over 60 per cent of Bone Phosphate of Lime, rendered soluble; at the same time rendered quick in its action by the addition of over 2 per cent of Ammonia in the requisite quantity to stimulate the young plants—and the large amount of soluble Bone Phosphate of Lime gives strength and stability to the stalk and weight to the grain.

FOR CORN, OATS AND SPRING CROPS generally, it has no superior, and only ask a trial side by side with any Fertilizer in the market to attest its superiority.

Price \$50 per ton—packed in bags or barrels, fine and dry for drilling. SHUN & CO., mh 24-1m General Agents, 15 Union st.

FARMERS, to save money and insure a crop, use the STANDARD FERTILIZERS.

For Spring crops. Price \$50. For sale by R. M. LAWSON, Agent, (Leesburg Washingtonian copy.)

PRIME N. Y. BUCKWHEAT for sale by mar 7 J. C. MILBURN.

## LOCAL NEWS.

COLUMBIA FIRE COMPANY.—A joint meeting of the Fire Warden and the Committee on Public Property of the City Council was held last night, at which it was resolved that in preference to renting the house on Washington street near King, now occupied by Mr. A. C. Kell, at \$75 per annum, and paying five or six hundred dollars for rendering it fit for the accommodation of the Columbia Company, it would be better to wait for the return of Mr. McKenzie, the lessee of the Star engine house, (now temporarily absent from the city) and see if some arrangement could not be effected with him by which the lease now upon that house could be relinquished, so that if any corporation money is to be expended, it may be spent in improving corporation property. At a meeting of the Columbia company held the night previous, the report of a committee appointed to select a uniform was adopted.

CAMERON DISTILLERY.—In consequence of the annoyance and inconvenience to which he has been subjected by the continued prosecutions of the internal revenue officers, Mr. Fegan, the proprietor of the Cameron Distillery, has determined to suspend operations there, at least for the present. All the numerous charges that have heretofore been brought against him have been refuted before U. S. courts and U. S. Commissioners, but, apparently bent upon breaking him up, they have now accused him of selling unstamped whiskey in the year 1869, having previously sent him word by a supposed friend that he must get his employees for that year out of the way, which advice, had he attempted to take it, would, of course, have added strength to the charge.

A NEW BUSINESS.—Mr. James E. Rose, as will be seen by reference to his advertisement in another column of to-day's Gazette, has leased the property adjoining the planning mill of Messrs. Rishell & Hooge, near the intersection of Fairfax and Queen streets, and is now prepared to furnish sawed and split wood in any quantities that may be desired. This is a new business in this city, and will doubtless succeed, as by it a supply of wood can be obtained without the annoyance usually attending such a purchase, and upon cheaper terms.

NEW SOAP FACTORY.—An enterprising young business man of the city will make application at the next meeting of the Council for permission to erect on Duke street, between Patrick and Alfred, a large soap factory, where operations will be conducted on an extensive scale. Factories of all sorts are what this city now wants to promote its prosperity, and the more that are started, and the sooner work is commenced in them, the better.

LAND DAMAGES.—At the last term of the County Court for Prince William county, the report of the commissioners allowing \$12,000 damages to Mr. Naglee for right of way of the Washington and Richmond Railroad through his farm was rejected, and a new set of commissioners appointed from the upper end of the county. The new commissioners met yesterday and assessed Mr. Naglee's damages at \$11,000.

THEFT OF A PAIR OF SHOES.—A colored man went into the store of Mr. Thomas Wadley, on Union street, this evening, and was allowed to try on a pair of shoes. While Mr. Wadley's back was turned he sprang out of the door, ran up a neighboring alley, and has not since been heard of.

CHOOSE THE LESSER OF TWO EVILS.—Three men arrested yesterday for attempting to abscond after having obtained an advance on wages as hands for fishermen, elected to go to the shores and work out the value of the amounts they had received, in preference to being prosecuted as swindlers.

ALARMS OF FIRE.—The alarm of fire about six o'clock yesterday evening was caused by the burning of a chimney near Whaley's livery stable—that at night was caused by the burning of a chimney near the west end of the "tunnel."

THE WEATHER.—The weather yesterday was warm and mild, with hardly a breath of air stirring, but to-day it has been cool and blustering.

THROUGH FREIGHT.—Captain Thomas Perry, commission merchant, received to-day a supply of fertilizers that was put on the same car from which it was delivered in Chicago.

BRICK YARD IN LEESBURG.—James Piper, colored, of this city, has commenced the manufacture of brick in Leesburg.

FOR HAMPTON.—The steamer Lady of the Lake left here this evening for Norfolk. Among her passengers was Gen. B. F. Butler.

POLICE REPORT.—A colored boy, for disorderly conduct and fighting, and a white man for disorderly conduct, were put in the station house.

MAYOR'S OFFICE.—There were no cases at the Mayor's office this morning.

NIGHT REPORT.—Night clear and cloudy, at intervals with the wind blowing a gale from the Northwest and the temperature cold. There were no disturbances nor any arrests. Eight lodgers were accommodated at the station house.

NICE CLOTHES.—Mr. Murray, whose reputation as a tailor is confined to "no pent-up city," but extends throughout the "wide arch of the ranged empire," has received his stock of spring goods, and "lays this flattering unction to his soul," that if he can't make an ugly man handsome nobody else can.

INCREASED BUSINESS.—In order to facilitate his increased business, Mr. Ford is making considerable improvements to his wheelwright establishment in the western section of the city, enlarging the area of the space he now occupies and increasing the height of the building.

SAWED AND SPLIT WOOD.—I have opened the wood yard, adjoining Rishell & Hooge's Planning Mill, and am prepared to deliver on short notice.

SAWED AND SPLIT WOOD, cheap for cash. Orders left at Lunt's or Wardell & Hall's, Bruce Store, P. G. Swaine's, Gentry or Job Corson's Butter Stand, will be promptly filled.

BEAUTIFUL GOODS FOR LADIES AND CHILDREN.

Just received at mh 24 WITMER & SLAYMAKER'S.

## TELEGRAPHIC.

DISPATCHES TO THE GAZETTE.

FROM WASHINGTON.

CONGRESS.

The Vice President upon calling for petitions announced that no petition could be referred to a committee because such reference was legislative business.

Mr. Sumner sought to introduce his resolution on San Domingo.

Mr. Conkling urged the point of order that this resolution was legislative business and could not be considered.

The chair announced his opinion at length, ruling the resolution out of order.

The House of Representatives was not in session, having adjourned until Monday.

MISCELLANEOUS.

James Grady was executed in the jail yard of the District of Columbia a short time before noon to-day. He was convicted in January last of the murder of Mrs. Faulkner, an old bed-ridden lady, whom he had attempted to outrage.

He was attended at the gallows by Rev. Father Wiget, and after avowing that whiskey caused the crime, suffered his fate.

FOREIGN NEWS.

LONDON, March 24.—The insurrectionary committee has issued a proclamation postponing the elections in Paris until after energetic measures have caused their reclaimed rights to be respected.

At a meeting of the Mayors and deputy Mayors of Paris, Admiral Soisset was appointed commander-in-Chief of the National Guards of the city, with General Langlois as chief of staff, and Victor Schaeffer as chief of artillery. The appointment of Soisset has inspired confidence among the friends of order.

The Belleville Nationals have occupied Mairies, in Rue Drouot, and the first arrondissement of Paris.

After a long negotiation with the Nationals of that quarter, with whom a number of Zouaves and Guards Mobile of the Seine were seen the Mobiles demanded arms to fight the insurgents who have barricaded Place Vendôme.

General Ladnerault will probably succeed General Vinoy in the military command of Paris.

The orderly Nationals have expelled the insurgents from part of the eighth arrondissement, comprising the faubourg St. Honoré. The second arrondissement, comprising Place de la Bourse and the ninth arrondissement, comprising Rue Drouot. They then occupied Saint Lazare Station and asked of the Government at Versailles re-enforcements of troops to retake the railway crossing where the insurgents control the traffic.

Among the victims of the affair in Place Vendôme was an American named Tinnel.

At noon yesterday Paris was quiet and the Bourse was closed.

It was rumored that General Ducrot has been shot by his own soldiers.

Disturbances are reported to have occurred at Lyons, where some people proclaimed the commune and resisted the red flag. Thiers has telegraphed to the Prefects to set at work anarchist Lyonsese, and has given a credit for that purpose.

At the setting of the assembly, Wednesday, it is said to have been decided to hold municipal elections in Paris before the 10th of April. Military measures against Paris were also projected.

General Charette, who is at Versailles, has been commissioned to raise a volunteer legion in the west of France, and has issued an appeal to the defenders of order, family and religion to join the ranks.

A special dispatch to the Daily News says the people are flying from Paris terror stricken, and the rebels are preparing for a desperate encounter to recover their lost ground.

An accident occurred to a railway train filled with interned artillerymen returning to France by which twenty-two were killed and seventy-two injured.

LONDON, March 24.—Lord Lyons telegraphs to the Government that he is confident of the early restoration of order in Paris.

The House of Commons last night sustained the Ministry on various clauses of the army bill by heavy majorities. The steamship European, from Baltimore, touched Norfolk Saturday last. The steamship Denmark, from New York, touched Queenstown yesterday.

THE MARKETS.

LONDON, March 24.—1:30 p. m.—Consols for money 92 1/2, and for account 92 1/2. American securities quiet and steady.

LIVERPOOL, March 24.—11:30 a. m.—Cotton quiet and steady; Uplands 7 1/2; Orleans 7 1/2.

## SPECIAL NOTICES.

Be Guided by what you know.—There is an old proverb which says, "Experience is the safest guide." To this guide the sick and ailing naturally turn when casting about for the means of relief. They inquire what a medicine has done for others before they adopt it themselves. Of all the remedies and preventives in use, Hostetter's Stomach Bitters meets the test most triumphantly, and hence its immense popularity and vast sale. The sufferer from indigestion is sure to find some one among his friends who has been cured of that ailment by the famous vegetable stomachic. The victim of fever and ague, liver complaint, constipation, nervous prostration, or general debility, has only made inquiry in the neighborhood where he resides in order to discover what this standard restorative has effected in cases similar to his own. In the published testimony to its merits he will find a volume of proof of its sanitary properties, which is impossible for his common sense to resist. He tries it, and the effect it produces on his system adds another to the host of witnesses in its favor. Thus, its reputation, founded on facts, not assertions, continually grows and spreads. Chagrined and impostors, some of whom make local tricksters, and others who take a somewhat wider range, attempt to thrust into the hands and down the throats of invalids their haphazard concoctions, as substitutes for the tonic which for so many years has been a medicinal staple throughout the United States, Spanish America, Canada and the West Indies, but only succeed to a very limited extent. In this reasoning age, the people, having ascertained what is really deserving of their confidence, decline "running after strange gods."

Read, Ponder and be Wise.—Housekeepers should bear in mind that all the different Baking Powders in market, none have stood the test of a strict chemical analysis like Dooley's Yeast Powder. Dooley's Yeast Powder contains no ingredients but such as are healthful and chemically pure. This insures uniform success in the making of rolls, biscuits, &c., which inferior articles do not. Manufactured and sold at wholesale by Dooley & Brothers, 69 New street, New York, and at retail by grocers generally.

Bitters.—S. S. Harris, M. D., of New York, says of Mr. Speer's Wine: "I find it to be an excellent tonic and gentle stimulant, preferable to all other wines. The 'Wine Bitters' has his pure Wine as a base, only being made bitter by the bitter principles of such herbs and roots as are in daily use by the Medical Faculty. Try them, and you will use no other."

Medical. ESSAYS FOR YOUNG MEN, on great SOCIAL EVILS and ABUSES, which interfere with MARRIAGE—with sure means of relief for the Erring and Unfortunate, diseased and debilitated. Sent free of charge, in sealed envelopes. Address HOWARD ASSOCIATION, No. 28, Ninth street, Philadelphia, Pa. Philadelphia, Pa. 13-5m

COFFEE.

The celebrated stallion COFFEE will be let this season. All persons wishing his services had better apply soon, as he will be limited to a certain number. Description:—Chestnut, 12 years old. His pedigree will show that there is not, and never was, in America a higher bred horse. He is uncommonly large for a yearling, and very beautiful. For those thorough bred, and pure breeders, who will say: He was imported Skylark; his dam by imported Lufborough; his grand-dam by old Sir Archy; his great-grand-dam by Taylor's Topgallant; his great-great-grand-dam by imported Cassinara, the dam of old Sir Archy. Proof of his pedigree are altogether of a class above any possible doubt.

## AGRICULTURAL.

MAGNUM BONUM

SOLUBLE PHOSPHATE

Reduction in Price!

This article is composed of Pure Ground Bone dissolved in Sulphuric Acid, Animal Matter and Potash.

It contains no heavy mineral substances such as enter into the composition of most of the articles sold under the name of Super Phosphates, and consequently the bags in which it is packed, though as large as any other, contain only 107 pounds, thus saving to the farmer at least 20 per cent of weight in the same bulk.

It has less inorganic matter than those articles which are based on Rock Guano or other heavy material. The farmer therefore
